E-Newsletter January 2013**

GOOD BYE 2012:

After hearing from Mike Bessant and Joe Hunter Hyman of the Horry County Solid Waste Authority in November, we now know how recycling should be done. Both speakers were well prepared, informative and enthusiastic. What a great program!

Now all we have to do is convince Florence City/County to adopt Horry County's practices and let the community know how important it is to Reuse, Recycle, and Reduce.

HELLO 2013: HAPPY NEW YEAR!
